<b>Selected Experience</b>	
<b>McSense (28/10/2019-01/11/2019)</b>	A community-based business and registered charity. I helped them to improve the company website and completed administrative tasks using spreadsheets and databases. I also helped set-up rooms for training courses and answered phone calls.
<b>Software development</b>	Year one: <ul style="list-style-type: none"> <li>Computing Applications: Development</li> <li>Computing: Authoring a website</li> <li>Software design and development</li> </ul> Year two: <ul style="list-style-type: none"> <li>Health and safety in IT</li> <li>Personal effectiveness</li> <li>Data modelling 1</li> <li>Object-oriented computer programming</li> </ul>
<b>Technologies in Practice</b>	In each of the university modules there was assessments on the relevant information for each topic. The course was taught through self-study and online seminars. It required good independent working and problem-solving skills. I submitted all work on time showing that I have good time management skills. I am confident of a pass at year end.
